

RESIDENTS PLEASE NOTE

RECYCLING CENTRES:

Household recycling centres across Cambridgeshire are closed until further notice

Check the website of the recycling centres for further information

also

Recycling points closed

Due to the impacts of the virus and restrictions on movement, many of the operators who empty clothing and other recycling banks at our recycling points are unable to collect from them. To avoid them overflowing and making a mess, and the items being wasted, please can you help us to discourage residents from taking their items to the banks at this time
