

*From Joshua Rutherford at Cambs County Council*

*Please be aware that we will be commencing carriageway resurfacing works on **Haslingfield Road from Monday 29<sup>th</sup> October for 5 days**. The works will take place Monday – Friday during the day from 0730 – 1830. Apologies for the late notice regarding this, it is a scheme we have brought forward in the programme due to the fact another had to be pushed back to accommodate other works.*

*Tarmac will be carrying out the works on behalf of the County Council as part of a larger package of work spanning Cambridgeshire.*

*I have attached a link to our website which shows both the area of work and also the diversion route that will be in place. We have letter dropped all affected stakeholders and signs are on site notifying road users of the work.*
